

Northeastern  
**Galante Engineering  
Business Program**

## What is an Engineering Business Fellowship?

- An eight-course **graduate certificate program** with academic and participation elements
- Offers a progressive opportunity for students to complement their **technical engineering education** with **business skills**
- Personal and professional development activities like **workshops, speaker series, site visits, seminars, more!**

**Heather Cheung, Event Coordinator**  
cheung.h@northeastern.edu

**Galante Program Director**  
galante@northeastern.edu
