Chapter of the National Academy of Inventors

# NAI SPRING MEETING

Discover the latest breakthroughs across diverse industries with two engaging presenters at our event. Shawn P. Williams, an expert in materials technology with a focus on Battery Thesis, will share innovative strategies reshaping the industry through the development of advanced energy technologies. David R. Widom, a seasoned legal counsel specializing in intellectual property for technology startups in the US, will draw from over two decades of experience to provide valuable insights.

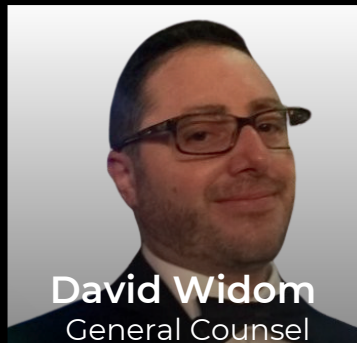

**THURSDAY  
APRIL 18, 2024**  
5-7PM  
RAYTHEON AMPHITHEATER
