

Spring 2023 Course Registration Information

M.S. Bioengineering

Congratulations on your acceptance to Northeastern University!

Before registering for Spring 2023 classes, please make sure to watch registration instructional videos at the following link:

<https://registrar.northeastern.edu/article/new-registration-experience/>

The Student Hub is the portal for course registration. This can be accessed at:

<https://about.me.northeastern.edu/>

If you have not yet set up your myNEU account, login to your electronic application and look for instructions to do so at:

https://app.applyyourself.com/AYApplicantLogin/fl_ApplicantConnectLogin.asp?id=neu-grad

M.S. BIOENGINEERING CURRICULUM

Core Requirements:

A grade of C or higher is required in each course:

BIOE 6100- Medical Physiology, 4 credits. Offered Fall and Spring
CRN: 33084. Mondays, Wednesdays, and Thursdays, 1:35 PM- 2:40 PM

BIOE 6000- Principles of Bioengineering, 1 credit. Offered Fall only.

Seminar:

BIOE 7390 Seminar, 0 credits. Offered Fall and Spring.
CRN: 32719. Wednesdays, 11:45 AM- 1:25 PM

This major requires a concentration in one of the following four concentrations: Biomedical Devices and Bioimaging, Cell and Tissue Engineering, Biomechanics, or Systems, Synthetic, and Computational Bioengineering.

Please review the catalog for more information on your [MSBIOE Academic Curriculum](#), and to [Bioengineering's Graduate Handbook](#).

Spring 2023 courses are available to view at:

https://wl11gp.neu.edu/udcprod8/bwlkffcs.p_disp_dyn_sched

When searching for courses at the above link, please make sure to select “**Spring 2023**” for the term, “Bioengineering” for subject, and “Graduate” for course level. Full-time students must register for at least two courses (8 semester hours) and part-time students must register for at least one course.

What courses should I enroll in for the Spring?

You should enroll in BIOE 6100 Medical Physiology along with a 5000 level course. If BIOE 6100 is full, you can take it in the Fall instead, and for Spring take two 5000 level courses. In the Fall you should take BIOE 6000 Principles of Bioengineering in addition to your other classes as it is only offered in Fall semesters.

What if I am interested in the Gordon Engineering Leadership Program? If you are considering the [Gordon Engineering Leadership Program](#), please discuss your interest with your advisor at Orientation. You should still register for the above courses.

What if my course is full? Don't panic! Enrollments are always shifting as students get co-ops or change their course registrations. If a seat isn't available in your preferred classes, you can join the waitlist. To join a waitlist, enter the class CRN (the 5 numbers in parentheses next to the course number above) directly into your registration sheet and hit submit. You will then have an option to select "waitlist" from a drop-down menu. The waitlist system will automatically inform you when a seat opens- just log into your account and accept it within the 24-hour time limit!

What if I am a part time student? We recommend starting with one core course.

When is the Bioengineering Graduate Orientation? The BioE Department Graduate Orientation will take place on January 6, 2023. The agenda and further details will be sent out closer to the time.

Meeting with your Graduate Student Services Academic Advisor: Graduate Student Services is an academic resource in the College of Engineering which, in conjunction with university faculty and staff, facilitates the academic processes of course registration, graduation clearance, academic probation, academic review of Office of Global Studies forms, and administration of funding. Many questions can be answered quickly and easily if you email Graduate Student Services via coe-bioe-gradadvising@northeastern.edu . Please be sure to include your NUID and a detailed account of your question.

Will I get a bill from registering? Yes, your first e-bill is generated when you register for your courses. You will receive an e-bill from the University with instructions on how to pay the e-bill. If you have questions about payment, please contact the Student Financial Services office directly by emailing them at studentaccounts@northeastern.edu or check out their website at: <http://www.northeastern.edu/financialaid/aid/graduate/>

For more information about beginning your program at Northeastern University, please read your acceptance letter in full.

If you have any specific questions for the Bioengineering Department, please contact the department Academic Coordinator Caroline Pridmore at c.pridmore@northeastern.edu.

We look forward to welcoming you to the Graduate School of Engineering!

Sincerely,
Graduate School of Engineering
Northeastern University
