

Hello student,

We are offering **ENCP 6100: Intro to Co-op** course virtually this Summer 2021 semester for MIE department program students. **Students in all other department programs and campuses will have the opportunity to register for this course in Fall 2021 or Spring 2022.**

We encourage you to register for this course in Summer 2021, Fall 2021 or Spring 2022 if you are interested in searching for a co-op in the upcoming semesters (Fall 2022 or Spring 2022). The **ENCP 6100: Intro to Co-op** course is required to be eligible for co-op and to obtain access to Northeastern's co-op job platform NUworks, to search for co-op positions. Please see the suggested registration information below.

*If the course is full, please add yourself to the waitlist and an additional section may be created based on demand. If you are unable to register this Summer 2021 in ENCP 6100, you will have an opportunity to register in the Fall or Spring.

For more details, the COE Graduate Co-op Eligibility and Requirements can be found [HERE](#).
