

ENCP 6000 Career Management Registration Guidance

ENCP 6000: Career Management for Engineers is a pre-requisite to participate in the COE MGEN Co-op Program. Please visit the [COE Multidisciplinary Master's Co-op](#) student website for complete eligibility requirements, co-op planning timeline, NUworks platform access, and more.

The ENCP 6000 course is offered to all MGEN students, and each section is based on the program and campus. Please use the chart below to find your relevant program and choose a section that fits your schedule. Registering as soon as possible is recommended to ensure you secure your seat in the class. You must enroll in a section in your program.

There are two circumstances in which a student may request a waiver from ENCP 6000 and can submit a COE-MGEN ENCP 6000 Waiver Request. Please visit [COE Master's Co-op About the ENCP Class](#) for details and information.

If you are an MSIS Bridge student, you cannot take ENCP6000 in the first semester; you must complete INFO 5001/5002 before taking Co-op Class.

Course Offerings:

Section	CRN	Day/Class Time	Instruction Method	Campus	Program Restrictions
2	16792	T 9:50-11:30 EST	Traditional	Boston	CYPS, DAMG, MSIS, SWES, TNET
