

Spring 2023 Course Registration Information for PhD Mechanical Engineering

Congratulations on your acceptance to Northeastern University! At this time we suggest that you register for Spring 2023 courses. Before registering for classes, please make sure to watch registration instructional videos at the following link: <https://registrar.northeastern.edu/article/new-registration-experience/>

PhD Mechanical Engineering Curriculum

Please review the catalog for more information on your academic curriculum:
<http://catalog.northeastern.edu/graduate/engineering/mechanical-industrial/#programstext>

Spring 2023 courses are available to view at:

https://wl11gp.neu.edu/udcprod8/bwlkffcs.p_disp_dyn_sched

When searching for courses at the above link, please make sure to select “**Spring 2023**” for the term, “Mechanical Engineering” for subject, and “Graduate” for course level. We advise full-time students to register for two courses and part-time students to register for at least one course however, with the changing pandemic these guidelines may be altered. Full-time or Part-time students in the Boston area do have the option to register for NU-flex courses by taking the courses at Northeastern or synchronously online. Full-time or Part-time students not in the area can register for online courses that are not synchronous or NU-flex courses by taking the courses synchronously. Please note that you can choose to register for any combination of your required core courses or elective during your first semester. For example, in your first term: you can either choose to take only required courses, only elective courses, or one required course and one elective course.

For questions regarding course selection, please consult with your Research Advisor (the funding point of contact stated on your award letter).

Your myNEU student account is the portal for course registration. This account can be accessed at:
<https://my.northeastern.edu/welcome>

If you have not yet set up your myNEU account, login to your electronic application and look for instructions to do so at:

https://app.applyyourself.com/AYApplicantLogin/fl_ApplicantConnectLogin.asp?id=neu-grad

Additional Information and Billing

You will meet with the faculty academic advisor for your program during the Department Orientation. You will be able to easily add or drop courses using the online registration system during the first two weeks of the term. If you have any questions or difficulties with the above instructions, we will be able to assist you upon your arrival.

If you choose to register for courses now, please note that you will receive an e-bill from the University with instructions on how to pay the e-bill. As a funded student, you must pay only those student fees not covered by your funding award. Your tuition and health insurance fee will be waived during the first month or so of the spring term. If you have questions about payment, please contact the Student Financial Services office by emailing them at studentaccounts@northeastern.edu

We look forward to welcoming you to the Graduate School of Engineering.

Sincerely,

Graduate School of Engineering
Northeastern University Boston,
MA 02115
