

# Meet with iRobot®

## Permission to Fail: Panel Discussion

Engineers from iRobot (maker of Roomba) will discuss the honest truth of their (somewhat bumpy) path to a career, including:

Yes, I blew that lab, and my GPA.

I thought mechanical engineering meant we made something!

But I took Calculus in HS, why am I in Calc 10?

Derive what? I can barely understand the question!

**Thursday, February 17, 2022 | 5:30–6:30pm EST**
